

## GOVERNMENT'S COAL PRICE CONTROL

### WILL BE ABANDONED APRIL 1st ACCORDING TO WILSON STATEMENT

### OPERATORS WARNED THAT GOVERNMENT WILL NOT TOLERATE PROFITEERING

Miners Ready to Meet and Formulate New Working Agreement—Commission Finding Means Increases in Annual Pay Amounting to \$200,000,000—Prospect is Good for Agreement in Anthracite Fields.

WASHINGTON, March 23.—With a warning against profiteering President Wilson today ordered abandonment of government control over bituminous coal prices and asked miners and operators to negotiate a new working agreement on the basis of the majority report of the coal strike settlement commission.

The president ordered termination of price control on April 1 when the new working agreement becomes effective. This will permit at least partial absorption in coal prices of the increase in miners' wages, established at twenty seven per cent by the commission's majority report. The increase in wages, the commission estimated, will entail an added annual cost of \$200,000,000 and includes the 14 per cent increase awarded the miners in settling the recent strike.

**Warns Against High Prices**  
The operators, however, were reminded by the president that unreasonable prices must not result from the relinquishment of price control and the addition of increased wages to their expenses.

The majority and minority reports of the coal commission also were made public at the white house and both were included by the president in his letter to the operators and miners. Notwithstanding the lack of unanimity in the commission's findings, the president said it was to be assumed that the two groups would regard the majority award as binding. The minority report would be laid before them, he said, for their guidance in reaching an agreement.

The president in rescinding control over prices restored the fuel situation so far as bituminous coal is concerned to the status existing prior to November 1, when the bituminous miners went out on a nationwide strike.

In connection with his announcement earlier in the day that the miners were ready to enter on President Lewis of the United Mine Workers' conference with the operators, the president issued the following statement:

**Miners Ready for Conference**  
"In announcing that we are ready and willing to meet with the operators for the purpose of formulating a working agreement, the miners are adhering to the policy that they have followed through the controversy. The miners hope that an agreement may be reached, satisfactory and acceptable to all parties concerned, including the public.

They knew that an agreement could have been formulated last September as agreements had been formulated in the past and if their honest and sincere efforts in that direction had been successful, the entire controversy could have been disposed of without inconvenience to any one. The miners still adhere to this purpose, and we are ready to enter a joint conference with the operators to consummate an agreement before April 1."

**Favorable Outlook**  
New York, March 23.—The anthracite mine operators notified the mine workers late today that they would reply tomorrow night to the proposal of the coal diggers to remain at work after April 1, pending negotiations of a new wage scale "providing the operators agree to make any wage award retroactive to that date."

Unless a new wage agreement is reached by April 1, when the present contract expires, the reply of the anthracite operators will determine whether there will be a suspension of work in the hard coal region after that date.

**Want Retroactive Agreement**  
The miners' general scale committee today decided that they would not remain in the mines at the expiration of the present agreement unless the employers agreed to make any wage award retroactive. The employers are understood to have spoken in opposition to accepting such a proposal on the grounds that they would have to meet any wage increase by raising the price of coal, which prices they pointed out, could not be made retroactive.

Also the operators refused to discuss their plans tonight it was reported that a committee of mine owners would go to Washington tomorrow and confer with President Wilson in an effort to have the war time restriction on anthracite coal prices removed.

assurance that they will be permitted to raise coal prices after April 1, it was said the operators would probably accept the miners' proposal to make any wage award retroactive.

**Commission's Finding**  
The decision of the majority of the coal commission—Henry M. Robinson, representing the public, and Rembrandt Peale, representing the operators—is summarized as follows:

"Unless otherwise ordered the terms and conditions of the Washington agreement of 1917 continue.

The 14 per cent increase in wages fixed by the fuel administration is eliminated on March 31 and replaced by this award (which is on a 27 per cent basis.) The 14 per cent increase awarded the miners in settling the recent strike.

The mining prices for mining coal, coal, pick and machine, are advanced 24 cents.

All labor and monthly men are advanced a dollar a day except trappers and other boys, who are advanced 53 cents a day.

All rates for yardage, dead work and room turning are advanced 20 per cent.

The fulfillment of all joint and district agreements are to be guaranteed by the officers of the International organization.

The six hour day and the five day week are not granted; the 8-hour day is retained.

The practice of car pushing stands, but with recommendations for careful consideration of ways and means for the introduction of ameliorating practices.

The commission is set up for the central competitive field to handle questions of differentials in rate and certain other matters.

If the recommendations of the president's industrial conference tribunals and boards of inquiry, are adopted in regard to industrial tribunals and boards of inquiry, the machinery is to be put into use in the coal industry. Otherwise a special board is to be set up.

Explosives are to be furnished miners at cost.

Special boards are to be set up for the Kanawha, Paint Creek and Cabin Creek fields, for district number 12, Illinois, including Assumption and Decatur, Ill.; also for the state of Washington, each commission to handle specific local conditions.

**MAY NOT CALL SPECIAL ELECTION**

As mentioned briefly on another page, it is not the intention of the commission to call a special election to fill the vacancy in the second ward caused by the death of Charles B. Graff. A special primary election, followed by a special election, will cost from \$600 to \$800 and the council believes it would be good business policy to save this money.

If residents of the ward wish an election they can compel the council thru mandamus proceedings to call it. However, this will not be necessary, for if any considerable number of residents of the ward indicate that their wish is for an election the council will act accordingly.

**HUGHES GIVES VIEWS ON SUFFRAGE**

New York, March 23.—Claims of anti-suffragists that the Anthony amendment to the constitution, if ratified, would be ineffective in states where state constitutions restrict suffrage to "male" citizens, until such constitutions had been amended are erroneous, according to an opinion obtained from Charles E. Hughes, former justice of the United States supreme court by the National American Suffrage Association. Judge Hughes also advised the association that in his opinion claims that the amendment in any case would confer only the right to vote for senators and representatives was equally erroneous.

**DANIELS FUNERAL**

Funeral services for Roy Daniels will be held Thursday at 1:30 p. m. in the undertaking parlors of Williamson & Cody on East State street. Burial will be in the Jacksonville cemetery.

## JOINT WAGE BOARD

### CONSIDERS DEMAND

Committee Hearings Begun as to Rights of Railroad Workers

Washington, March 23.—Formal consideration of the wage demands of the 2,000,000 railroad workers was begun today by the joint wage board, organized yesterday by the conference committee. It took up first data on wage questions obtained by the railroad administration boards of adjustment.

Leaders of both sides said tonight they were giving attention to all details of every claim in order that when agreement was reached the individual or class demand would not come up for further discussion except in its relation to living costs and rates of pay in other industries. There was no indication of what particular claims would be considered first.

## STRONG OPPOSITION

### TO SUFFRAGE SHOWN

Ratification Measure May Be Defeated by Delaware Legislature

Dover, Delaware, March 23.—With possibilities of defeat looming large, preparations were made today by the Delaware legislature to bring the suffrage ratification measure before both houses tomorrow morning. Arguments for and against suffrage will be heard Thursday and leaders of the anti-suffragists are working hard to have the measure acted upon by Friday afternoon.

Sentiment against suffrage was crystallized today and all party lines dropped when Republican and Democratic legislators refused to be bound by caucuses on the suffrage question.

State leaders of both parties appeared before the assembly and pleaded for an early ratification. When a caucus was asked only a few members were willing to tie themselves down to the dictates of their parties and the motion was defeated.

A special meeting of the city council will be held at 10 o'clock this morning. At that time the council in conjunction with the citizens' committee will consider bids for the construction of a filtration plant and a power and light plant. It is the desire of Mayor Crabtree that there be a full attendance of both aldermen and members of the citizen's committee at this time.

**ADDRESSING SOUTH DAKOTA D. A. R.**

Mrs. Lillian Danskin, who has spent a number of weeks in South Dakota, working with a number of other Illinois women in the interest of Gov. Lowden's candidacy for the presidential nomination, has spent much of her time in Sioux Falls. Recently Mrs. Danskin was invited to address the fifth annual state conference of the Daughters of the American Revolution. Her theme was "The work done by the Daughters of the Revolution in Illinois with its 60 chapters and 6,000 members."

Mrs. Danskin made special reference to the action of Rev. James Caldwell Chapter of this city in purchasing the historic home of Gov. Joseph Duncan.

In this connection it is interesting to note that Arthur B. Fairbank, who is a prominent attorney in Sioux Falls, has arranged for a tablet in the Duncan memorial home in honor of his father, the late Rev. John B. Fairbank.

**DOCTORS TO BE LOCATED IN COCHRAN BUILDING**

Offices are being fitted up in the Cochran building on West State street for Dr. W. H. Weirich and Dr. H. H. Chapman. The owner of the building is having betterments made which will result in a very attractive office room.

The doctors have previously been housed in the Koppel building which is now the property of W. W. Gillham.

**BUICK CAR STOLEN MONDAY EVENING**

Auto thieves stole the Buick automobile of Johnson Sheppard Monday evening while the owner was attending a show at a local theater. The theft was reported to the police but Tuesday no trace of the car had been found.

Chief Kiloran has sent out notifications to the police in a number of cities to be on the lookout for the car.

**TO FEATURE VAUDEVILLE BILL AT THE GRAND**

The management of the Grand Theatre yesterday secured T. L. Ulrich and Miss Jean Smith of St. Louis to feature the vaudeville bill now being shown. Both are well known to vaudeville and movie patrons and their act is of a high class and entertaining kind.

**HAS POSITION WITH CREAMERY COMPANY**

C. D. Hecox has taken a position as traveling representative of the Jacksonville Creamery Company. The company's shipments now cover a radius of about 100 miles and Mr. Hecox will call on the company's agents.

**INCREASE TUITION**

Chicago, March 23.—Tuition at Northwestern university will be advanced from \$150 to \$200 a year Dean Roy C. Plickinger announced today.

## PARK BOARD MET IN REGULAR SESSION

Meeting Was Held at Home of S. W. Nichols—Number of Matters Discussed

The park board held its regular meeting Tuesday evening at the home of the chairman, S. W. Nichols. All members were present and a number of matters were discussed without reaching any decision.

Among them were, excavating under the large pavilion, change of roads and the employment of a park policeman.

It was decided to offer for sale the residence property in Nichols park and to ask for bids for painting the building in Duncan park.

The board then adjourned until 9:30 o'clock this morning when the members will meet and journey to the park to investigate various matters that need attention.

## DAKOTA PRIMARY

### ELECTION RESULT

#### STILL IN DOUBT

Wood, Lowden and Johnson in Close Contest

ALL MANAGERS MAKE CLAIMS

SIoux FALLS, S. D. March 24.—Leonard Wood maintained a lead of 3,000 votes of Frank O. Lowden for Republican presidential endorsement on the face of returns tabulated at 1 o'clock this (Wednesday) morning.

The vote stood: Wood 20,257; Lowden 17,298; Johnson 15,292.

Th's tabulation included reports from nearly every city in the state.

Sioux Falls, S. D. March 23.—The struggle between Leonard Wood, Hiram Johnson and Frank O. Lowden for the Republican presidential endorsement at the South Dakota primary election today became one of the fluctuating successes late tonight when returns from 234 of 1740 precincts in 35 of 64 counties showed Wood leading Lowden by 1300 votes and Johnson closely pressing the Illinois governor. These returns gave Wood 10,364; Lowden 9,041; Johnson 8,943. Miles Pointexter polled every small vote.

Wood carried Sioux Falls city by 77 votes over Johnson. Aberdeen went to Lowden, over Wood, by 25 votes. In Minnehaha county, outside of Sioux Falls, Johnson had a lead of several hundred votes. The California senator polled a tremendous vote in Lincoln county getting 1064 out of about 1600 ballots.

Voting at South Dakota's first state primary under the Richards law ended at 5 o'clock and managers for various candidates predicted early tonight that a fairly heavy vote was cast through the state. Splendid weather prevailed generally altho country roads were muddy.

**Managers Make Claims**  
Managers for Hiram Johnson, Leonard Wood and Miles Pointexter, and Frank O. Lowden each issued statements claiming that their respective candidates for presidential endorsement by the Republicans of the state would receive a plurality.

A number of candidates for national and state office were automatically nominated. The Richards primary law provides for such a process when candidates have no party opposition, as was the case with the Non-partisan League.

Tom Ayers of Zeona, is the league nominee for the United States senator and M. P. Bates of Letcher is the party's candidate for governor. The proposal convention endorsed Governor L. J. Frazier, of North Dakota, as candidate for president but Frazier did not formally accept the endorsement.

The Democrats had few contests. The ticket for state office endorsed at the Pierce convention was not contested.

**MACOMB CASE STILL MYSTERY**  
Macomb, Ill., March 23.—The death of Ethel May Fentem aged 17, Colchester, Ill., remains as much a mystery with the conclusion of evidence before the coroner's jury as it was at the beginning of the inquest. Her death occurred March 18.

The attending physician is positive that death resulted from poisoning. No chemical analysis was made as the coroner believed it would render no more conclusive evidence since no clue was held as to the nature of the poison.

The girl was soon to have become a mother.

**MOVIE MEN FACE FEDERAL CHARGES**  
Chicago, March 23.—Warrants were issued today by United States Commissioner Louis F. Mason for the arrest of four motion picture show proprietors, charged with embezzling more than \$6,200 in amusement taxes from the government. Federal officials are investigating charges that approximately 40 Chicago movie men have failed to turn over to the government all war taxes collected.

**PULLMAN RATES TO ADVANCE**  
Washington, March 23.—Permission has been granted the Pullman company by the interstate commerce commission to file schedule increasing berth rates approximately 20 per cent. The company is seeking increase on standard lower berths to a minimum of \$2.00 and one seats to a minimum of 50 cents.

Under the commission's rules protests may be lodged against the increases within 30 days and hearing then will be held.

**MORGENTHAU HAS DIFFICULT JOB**  
Washington, March 23.—Henry Morgenthau of New York, former ambassador to Turkey, was nominated today by President Wilson to be ambassador to Mexico. He will succeed Henry P. Fletcher, who resigned recently because he did not agree with the administration's Mexican policy.

**IMPROVING BUILDING**  
The Rexroat & Deppa garage at the corner of North and Sandy streets is being improved in various ways. Both the exterior and interior of the building is being painted and the removal of the wooden awning on the west side of the building is in itself a considerable betterment. The arrangement is such that the building is well adapted for garage purposes.

**REBEKAH GAVE FINE PROGRAM**  
Murrayville Organization Presents Program Tuesday Night—Large Number in Attendance—Social Hour and Refreshments.

Murrayville, March 23.—Murrayville Lodge No. 79 Rebekahs gave a splendid program in Odd Fellows hall this evening. There was a large attendance and following the program a social hour was enjoyed and refreshments were served. The program:

Song, "America"—Audience. Prayer—Mrs. C. T. Daniel. Pater—Mrs. Ida Jones. Friendship—S. F. Sooy. Tableau—St. Patrick. Boodles and Mrs. Iva Short. Love—Emory Thady. Tableau, "Fifty Years Ago and Today"—George Kennedy and Miss Mildred Wright. Truth—Miss Grace Jennings. Tableau, "America"—Uncle Sam, S. F. Sooy; Betsy Ross, Mrs. Lella M. The date was also the birthday of S. F. Sooy who is captain of the Rebekah degree staff. In honor of the event and to show their appreciation of his services to the degree staff the members presented Mr. Sooy with a beautiful emerald ring. The presentation speech was made by Mrs. Mary Wright. Mr. Sooy responded briefly.

**C. & A. MEN TO RETURN TO WORK**  
BLOOMINGTON, March 23.—Chicago & Alton shop men who have been on strike here for about a week, at a mass meeting held this morning voted to return to work. The shops accordingly will start up again Wednesday morning. Two thousand men are employed by the Chicago & Alton in Bloomington. Superintendent of Motive Power Seidel retains his position.

**TYPE OF BOULEVARD LIGHT IS CHANGED**  
George Stoldt, superintendent of the municipal light plant, has changed the type of one of the boulevard lights on the public square. Following the suggestion made recently by an expert for a lighting company, Mr. Stoldt removed the two low lamps and placed a higher candle power bulb in the remaining top light. This "one light" post is on the corner of the square and West State street near the F. G. Fargell & Co. bank.

Those who inspected it last night declared that more illumination was given and the general appearance improved by the change made. Those interested are asked to inspect the light and if a majority of the opinions are favorable the change will be made uniform thruout the business district.

**AGAIN RESIDENTS OF JACQSONVILLE**  
Albert Hall and family, recently removed from Waverly to Jacksonville, are now occupying the residence at 839 South Main street. Mr. Hall for a number of years has been engaged in the agricultural implement business in Waverly but recently retired and decided to again become a resident of the city which was his home thru all the earlier days of his life.

**IN NEW POSITION**  
Among changes recently noted in railroad circles is the removal of Samuel B. Wade from Bloomington to Little Rock, Ark. Mr. Wade has been the division traffic agent for the Alton and in the southern city will still remain in the employ of the road but as general traffic agent will have larger responsibilities.

## PROPOSAL WOULD LIMIT CAMPAIGN FUNDS

### Col. Chipfield in Open Letter Suggests \$10,000 Expenses as Senatorial Limit

SPRINGFIELD, Ill., March 23.—Limitation of campaign expenditures by candidates for office of United States senator from Illinois are proposed by Col. B. M. Chipfield, of Canton, in an open letter to Edward D. Shurtliff of Marengo and Congressman Wm. B. McKinley of Champaign, made public here tonight. Colonel Chipfield, Mr. Shurtliff and Congressman McKinley are the only candidates who have announced themselves as desirous of succeeding Senator Lawrence V. Sherman.

Colonel Chipfield says he is convinced that "there is a growing and emphatic sentiment and protest against the expenditures of large sums of money by candidates for the United States senate and that the propriety of this course has been vividly brought to public notice by the Newberry case in Michigan."

He proposes that in the campaign the candidates limit their expenditures to \$10,000, that they confine themselves to expenditure on their own behalf and not on the expenditures of the campaign, and that the audited and reported made to the voters five days before the September primary.

**BANKER IS SHOT BY DEMENTED FARMER**  
S. G. Lawless of Liberty, Ill., Shot and Probably Fatally Wounded by Mentally Unbalanced Farmer—No Trouble Between the Men Known.

Quincy, Ill., March 23.—Stephen G. Lawless, cashier of the Liberty State Bank of Liberty, Ill., 19 miles east of here, and one of the most widely known bankers in this section of Illinois, was shot and probably fatally injured this afternoon by William Elliott, a mentally unbalanced farmer.

Both men were attending a farm sale near Liberty, when Elliott, without warning, shot Mr. Lawless three times, one bullet lodging in the abdomen, which, it is said, may prove fatal.

There had been no trouble between the two men but it is believed the shooting is the result of Elliott's insanity.

Mr. Lawless, who was chairman of the exemption board in that district had Elliott exempted from military service because of his unsound mind.

Elliott fled after the shooting but is reported to be surrounded at Newton, near Liberty, by a posse of Adams county and Quincy officers.

**INDUSTRIAL REVIVAL IN FRANCE**  
According to reports French imports for January, 1920, were valued at 2,002,200,000 francs, an increase over January of last year of 32 per cent. Exports amounted to 223,389,000 francs, an increase over January, 1919, of 198 per cent. The figures indicate the rapidity with which France is regaining her normal balance of trade and rendering herself independent of American products.

**THE EXPRESS EMBARGO**  
The express embargo which has been in effect in several states was raised yesterday, so that there may be an improvement in service. There is room for improvement and while the management of the postal department has often been criticised, it is only fair to say that the parcel post service has been more satisfactory and efficient than that rendered by the express companies under government administration.

**WOULD SAVE ELECTION EXPENSE**  
The city council indicated at the Monday night session that no election will be called in the Second ward to choose an alderman to fill the vacancy caused by the death of Charles B. Gaff, unless mandamus proceedings are instituted by the residents of that ward or a goodly number of citizens resident there indicate the wish that an election be called.

The reason for this attitude of the city council is very apparent. Under the law if an alderman is chosen now there must be a primary election followed later on by a special general election. This will mean a cost to the city of from \$600 to \$800 and the city council feels that it would be better business policy to save this amount of money for the city than to incur the expense of two elections in order to choose an alderman who will then serve only for one year. However, as already indicated, while this is the judgment of the mayor and council, it is their desire to be guided by the

wishes of the residents of the ward.

**SEEK SALARIES THAT ARE SUFFICIENT**  
The teachers of Quincy like those in Jacksonville, are very much interested in the action the board of education there will take with reference to the increase in teachers' salaries. It is proposed in Quincy to increase the school tax just as was authorized here by a recent vote of the people.

The Quincy Herald sums up the public view of this big question in the following paragraphs: "Now comes a requirement for material increase in teachers' salaries which are now and always the biggest item by far in the budget, except an occasional new building that the public by vote demands. These salaries are held by the public, and by the board, to be too low at present and the welfare of the schools first of all demands that they shall be materially increased. The board does not now pledge itself to any certain amount of increase because it cannot do so. It must first know how much of funds the extra taxes will supply before it can adjust its big business of running the schools to fit the increased funds."

"But the board does plainly say that the item of increased salaries to teachers will take by far the largest part of the increased revenue, and that these salaries will be increased to a point where good teachers will be content to hold positions in the Quincy schools. And this is the whole point of the whole matter—that teachers' salaries in Quincy shall be sufficient so that good teachers, equal to those anywhere else in the country, will be content to accept and hold positions in the Quincy public schools."

LOW PERCENTAGE OF SURFACED ROADS

Despite the fact that the United States has 7,000,000 motor driven vehicles in operation—leading the world in this respect—motorists will be surprised to learn that but 12 percent of roads in this country are surfaced. Out of an estimated total of 2,478,552 miles of public rural roads, only about 299,135 are surfaced or improved.

Indiana shows the greatest percentage of improved highways, 42.5 percent of its roads being surfaced, based on the last available figures of 1918.

That there is a great need for good roads can be deduced from the increased tendency for long distance haulage by motor truck and railway. By the fact that 80,000 employees of the United States Postoffice Department travel 1,400,000 miles daily in delivering mail on rural routes.

With an estimated 1920 production of 1,500,000 automobiles, the need for better highways is evident. That this fact is recognized by states and municipalities is shown by estimated appropriations of \$600,000,000 to be spent

on hard-surfaced roads during the year.

In 1918 approximately 11,944 miles of roads were improved in this country and the enormous sum of \$34,974,000 was spent on maintenance. More than \$20,000,000 have been spent on the 3320 miles of Lincoln Highway between the Hudson river and San Francisco in the last six years.

Rippling Rhymes By Walt Mason

**CHEERFUL TALK**  
I do not talk of sorrow, I'm chipper, blithe and gay; and of a bright tomorrow I spring my spiel today; for folks are tired of hearing of doubting and of fearing; they long for something cheering to shoo the gloom away. As I go daily drilling along Commercial street, no voters hear me trilling a lay of frigid feet; I do no mournful yellin', I boast the world we dwell in, the world we're raising Hail Columbia in, and say it's good as wheat. Oh, men would rather listen to silly jays like me, whose adjectives all glisten with merriment and glee, than hear the griefsmiths blowing, more melancholy growing, the while their tears are flowing in rivers to the sea. Men work and they are weary, they fret and they are sad; and hopeful words and cheery may help to make them glad; and so the sunshine grafter who strives to pick up laughter, though he seems daft and datter, is really not so bad.

**NOTICE TO TAXPAYERS**  
The tax books are now in the collector's office and is a judgment against all parties mentioned therein.

Parties paying on personal tax only, should pay the same promptly and avoid trouble and expense in collecting same. The judgment reads as follows: In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such person. Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

OLD JACKSONVILLE

McCLERNAND AGAIN

By Ensley Moore (Member Illinois State Historical Society)

Gen. John Alexander McClernand was sketched in the Journal of March 18th, inst., but there is more to be said regarding him and some of his troops, of special interest here.

**The Camp.**  
Dunlap's beautiful woods were occupied as the initial rendezvous of the brigade, but the necessities of the service called those who came here away, before all of the men had been brigaded together, so that must have been completed at Cairo, where they first were organized about August 26, 1861, having left here August 25. The Twenty Seventh regiment of Illinois Volunteers mustered in August 10th, came in here, uniformed and armed about the 12th of August. It was commanded by Col. W. B. Buford, of Rock Island, a Kentuckian, who had been educated at West Point, served in the Regular army, but at the time the war began, was a leading business man of Rock Island, Ill. He was a splendid looking man of what is called "the old school," and after serving gallantly, became finally a Major General.

**Local Companies.**  
The 27th, had a local interest here, because among its companies was B. Capt. Henry W. Hitt, 1st Lt. Geo. A. Dunlap, 2nd Lt. Jas. M. Buchanan, from Scott county; C. Capt. Lemuel Parke, (a veteran of the Mexican war); 1st Lt. Lyman G. Allen, 2nd Lt. Laomi F. Williams, from Pike county; G. from Macon, and K. Capt. Abraham F. Bozarth, 1st Lt. Horace, Chapin, 2nd Lt. (Dr.) Erasmus Jones, of Morgan. So many of the officers and men were known to our people, and many of them gained high promotion.

**Other Organizations.**  
were some companies of the 31st, regiment, Col. John Alexander Logan; and companies of artillery and cavalry, making prob-

ably about two thousand men in all that camped here at that time.

**Belmont.**  
These "raw" troops as they are termed took part, and lost heavily in the hard battle of Belmont, Mo., a little below Cairo—on November 7th, 1861. Hereafter, the various regiments of McClernand's brigade did valiantly on thru the war.

**Col. James Dunlap.**  
as stated in the previous article entered the service as Quartermaster in McClernand's brigade, and, when McClernand was put in command of the 13th Army Corps, Dunlap became a Colonel and Chief Quartermaster of the Corps.

It was said that Lincoln nearly depopulated Springfield by his appointments; and Dunlap made quite a hole in this town by his calling helpers from here. Among these was Capt. John Henry, long a prominent man here, having served in our legislature and in Congress, and Jonathan Neely, another well known citizen and business man, who had been the first conductor on the Northern Cross, now the Wabash railway, and who was afterward an alderman in our city government. Dunlap also gave some nephews jobs.

**Made a Stir.**  
It is easily to be seen that Gen. McClernand's appointment as a Brigadier, his "rounding up" his command here, and subsequent happenings made a very decided impression in Jacksonville.

**The Tent City.**  
The 14th Illinois, Vols first camped at Jacksonville, in 1861, used the Fair Grounds, and occupied the building there. The 101st also utilized the Fair Grounds in 1862.

But the McClernand Brigade had its camping ground here, and it was a beautiful sight to see the White tented city on the irregular grounds of Dunlap's Woods.

THE KEY TO HEALTH  
When the Chiropractor, by scientific adjustment removes the pressure from the nerves and helps Nature restore Health, the operation seems a simple one. Yet the knowledge is one that is gained after a great deal of investigation, for Chiropractic is just as much a science and a profession that has to be learned as any other Health-method.

**Knowledge of Spine and Nerves**  
The Chiropractor must intimately know the body. He must know what nerves feed every organ and just where these nerves branch out from the spine, so that he can place his finger right on the point of pressure that is causing trouble in a certain part of the body.

Because of this expert knowledge of why he adjusts, where and how to do it, the Chiropractor can by examining the spine, tell what is the trouble without a patient telling him anything. The spine is the key. Spinal pressure on a certain nerve leads to weakness and disease in a certain organ. That's why the Chiropractor adjusts a certain part of the spine to relieve headaches and another part of the spine for stomach or abdominal troubles, etc. In

CHIROPRACTIC THE BETTER WAY TO HEALTH

no drugs or knife are used. If you are not as well as you should be, have your spine adjusted and the cause of your troubles removed, so Nature can make you strong and healthy again. Information, or a spinal analysis given without obligation. Investigate.

## Why a Trust Company To Manage Estates?

The trust company was created by law to act as executor and trustee under wills, administrators, guardians, etc.

### Because So Many Individuals

- Are not sufficiently responsible
- Lack training and experience
- Fall sick, travel, pass away
- Have cares of their own

### THIS Company

- Backs its fiduciary services with its capital of \$100,000.00.
- Has had experience in managing estates.
- Has a permanent organization, ever accessible, always on duty.
- Makes a business of administering wills and managing estates; has no conflicting interests of its own; is an unfailing, disinterested representative of the testator.

If trust company service has been created for the express purpose of safeguarding estates—why not avail yourself of it? The fee is no higher than you would have to pay a competent individual.

**THINGS BEGINNING TO WARM UP — ELKS JOLLIES OF 1920**

A Darkey Lullaby that carries one back to the old time cotton fields is the curtain raiser to the Big Minstrel and Musical Comedy Show given by the Jacksonville Elks at the Grand Opera House on April 1st and 2nd. As the last strains of this wonderful southern melody die on the lips of a chorus of sixty people a specially written medley filled with bone and tango work and danced by prominent men of Jacksonville who have consented to take part in the Elks' Jollies of 1920 will be sung. Jacksonville's most talented musicians, dancers and best and funniest performers are already rehearsing for the Big Show. Mr. Hamilton of the Joe Bren Producing Company of New York states positively that the performance will equal, if not surpass, the ordinary high class musical comedy and minstrelsy which visits Jacksonville, Springfield, Galesburg and other places of similar size.

The cast is about to be announced. There will be more than sixty people engaged in daily practice from now until April 1. All of the costumes, scenery and necessary paraphernalia are being furnished by the Joe Bren Producing Company and will not be cheap and shoddy as is usually the case in home talent production. The Elks are making a strenuous effort to make this show a big success financially because of the heavy obligations they have recently assumed in the purchase of the Y. M. C. A. building which is destined to be their new home. It is hoped that Jacksonville and the community will contribute to the cause.

**MOTHERHOOD WOMAN'S RIGHT**

How Lydia E. Pinkham's Vegetable Compound Helps to Make Women Normal.

Washington, Ind.—"I was in such a condition that I never expected to have children, and my aunt advised me to take Lydia E. Pinkham's Vegetable Compound. It improved my health and restored a normal condition of my system so that I now have a fine baby. Until she was about a car old I was very nervous, and all the time thinking something terrible was going to happen. If I heard any one coming, my heart would beat fast and I wanted to run. So I took the Vegetable Compound, again and it helped me wonderfully. You may publish my letter, as the medicine is surely great."—Mrs. IVA BANTA, R. R. No. 4, Box 24, Washington, Ind.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is its ability to correct sterility in many cases. This fact is well established as evidenced by the above letter and hundreds of others we have published.

In many other homes, once childrenless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

It is because their promises and representations are not borne out by the goods they sell. Several decades ago J. That has gone on so long that now people only ask his opinion and representation and they are satisfied.

### IS FEELING LIKE OLD SELF AGAIN

Railroad Man Wasn't Exactly Sick But Felt Tired and Worn Out all the Time.

"I was in a badly run-down condition when I started taking Tanlac, but after taking only two bottles I am feeling like my old-time self again," said Albert F. Smith, 517 Elm street, Toledo, Ohio, a brakeman on the Toledo-Ohio Central Railroad, recently. Continuing, Mr. Smith said:

"While I was not exactly sick, I was so badly run down for some time past that I just felt tired and worn out all the time and not like doing anything. My appetite was nothing like as good as usual. I did not relish what I ate and it did not agree with me. I had no ambition and was sluggish and my work tired me so when I came in off my run on the road that day I felt all fagged out and did not feel like going out of the house or doing anything but sitting down or going to bed."

"I had been reading so much in the newspapers about the good Tanlac was doing others that I decided to give it a trial, and it surely went right after my case in a hurry. Before I had finished the first bottle I noticed I was getting back to my former good condition. Now my appetite has returned and I can eat anything I want and all want without feeling any had after effects. I am completely over that tired worn-out feeling and come off the road after a hard day's work feeling just like I could still do another good day's work without stopping. I am gaining in weight so fast my clothes are getting too tight for me. I am going to take a few more bottles of Tanlac, just to be sure I don't have a return of my troubles. It is surely a grand medicine and I advise everybody who feels as I did to take it."

Tanlac is sold in Jacksonville by Corner & Street, by the leading druggists in every town.—Adv.

## AT EASTERTIDE BE SATISFIED

On Easter morn you're bound to meet, a lot of folks upon the street who don't spend all they make on clothes, but have them cleaned by one "who knows." If you can MAKE YOUR OLD CLOTHES DO, I'll send them back to you like new. Then Easter morn you'll look your best and not be different from the rest.

## Social Events

### Birthday Dinner

Sunday marked another milestone in the journey of life for Mrs. Ada H. Hartlett. Her daughter, Mrs. L. E. Henderson planned an elaborate dinner for the occasion and all present had a happy day.

Those who came from a distance were her daughters, Miss Ada E. Bartlett of Kansas City, Mo., and Mr. and Mrs. Reuben Vieira of Springfield, Ill.

Miss Lucy Catlin Talks to Mission Study Circle.

The Mission Study Circle of the Congregational Church met last evening at the home of Mrs. L. S. Doane on Grove street.

Mrs. Doane reported on the last two chapters of the Book on Americanization which the club has been studying for several months.

Miss Lucy Catlin then made a very interesting talk on the social

work with which she had become acquainted at Youngstown, Ohio.

Following the program the hostess served refreshments.

### Strawns Crossing Club Elect Officers

There was an unusually large attendance of members and visitors at the meeting of the Strawns Crossing Club which was held with Mrs. Foster at her home on the Vandalla road Thursday afternoon. Mrs. Cleary read an excellent paper on "An Old Fashioned Flower Garden."

Following this officers for the ensuing half year were elected as follows: Mrs. Frank Hunter, president; Mrs. McDonald, vice president and Mrs. Mabel Foster secretary.

Mrs. Robin Strawn, the retiring president, presided at the meeting.

The hostess served delightful refreshments during the social hour which followed the election.

Rev. W. H. Marbach Talks to D. A. R.

The regular monthly meeting of the D. A. R. was held yesterday afternoon at the home of Mrs. H. M. Capps on Mound avenue.

After the business session Rev. W. H. Marbach made a talk on "The returned ex-service man and his place in this period of reconstruction." He took First Chronicle 12:33 as a text, "Of Zebulun such as went forth to battle, expert in war, 50,000 which could keep rank; there were none of double heart."

He went on to say "Let us make a new entry in the chronicle of our own time and as we record the glory of America we will write this chronicle of the American ex-service man substituting four million for the 50,000."

Rev. Marbach brought out the fact that the ex-soldier was not double hearted but that in single heartedness and in the spirit of the Crusaders he fought for a better world. And this idealism is still with him.

The second point was "keeping rank" or democracy and this subject was developed by giving a history of the organization and work of the American Legion. Showing that the Legion is democratic as opposed to "Class," a civilian not a military and a non-partisan not a partisan organization. And finally that the legion is 100 per cent American and not hyphenated.

Mrs. Harber rendered several vocal selections which were enjoyed by the chapter.

The hostesses of the afternoon were: Misses Ethel Wylder, Edith Jordan, Lucy Mount and Mesdames Frank Mathers, C. B. Powell, S. O. Barr, F. L. Gibson, T. M. Tomlinson, Isiah Strawn, James O. Vosseller and H. M. Capps.

Light refreshments were served following the meeting.

## With the Sick

Mrs. George Belzer, 1153 South Clay avenue, was taken to Passavant Hospital yesterday.

Fred Tressler, of Greenville, entered Passavant Hospital Tuesday.

Mrs. Gregg Tindell, 833 South Main street was taken to Passavant Hospital last Monday evening.

Mrs. Birt F. Rawlings of Franklin, was taken to Passavant Hospital yesterday.

Miss Leota Cooper returned to the Illinois Woman's college yesterday after an illness at Passavant Hospital.

Robert Shirley, 402 Hardin avenue, fractured his wrist yesterday afternoon. Mr. Shirley is employed by the Jacksonville Railway & Light Co.

## Matrimonial

### Katie-Sweeney

Leo Kaula and Della Sweeney, both of Jacksonville were united in marriage by Rev. M. L. Pontius at his residence Saturday evening at 7:30 o'clock.

## Births

Born to Mr. and Mrs. Ferdinand S. Wolpert in St. Louis, Mo., March 22, a daughter, Mrs. Wolpert is a daughter of Mr. and Mrs. D. W. George of this city.

When a physician's car is damaged through the negligence of another driver, and he is obliged to hire another machine while his own is in the garage for repairs, the cost not only for the repairs, but even for hiring the other car must be paid by the man liable for the accident.

This is the opinion of a Pennsylvania district court before which such a case came up. If the car is not used for purely business purposes, this special item of damage cannot be recovered, although the owner might hire another car.

## Deaths

### Cramond.

Word has been received in the city of the death of Mary Cramond at St. John's hospital in Springfield at 10 a. m. yesterday. The deceased is the eleven year old daughter of Mr. and Mrs. William Cramond of 1322 North Second street, Springfield, and granddaughter of Mrs. James Dumphry of this city. Funeral services will be held Thursday from Joseph's church at 10 a. m. in Springfield.

## Funerals

### Liter.

Funeral services for Mrs. Eva Liter were held from the residence, 302 East Walnut street, at 1:30 o'clock Tuesday afternoon in charge of the Rev. F. M. Crabtree.

Music was furnished by A. E. Williamson, James Guyette, M. Denny and W. W. Gillham. The flowers were cared for by Mrs. Austin Patterson, Mrs. Ed Young, Miss Margaret Lamb and Miss Alpha Perry.

Burial was in Jacksonville cemetery the bearers being, Charles Nichols, George Brown, Joseph Gaul, Green Rawlings, J. W. Rawlings and Charles Ragan.

### Baker

Funeral services for Harold Edward Baker were held at 11:00 o'clock yesterday in the Union Baptist church at Pisgah. Rev. F. M. Crabtree had charge of the services.

Willma Baker, Elsie Moss, Myra Craven and Thelma Probasco acted as pall bearers.

The music was furnished by Mr. and Mrs. George Beekman and Homer Woods. Mrs. Homer Woods accompanied on the piano.

The flowers were cared for by Miss Lucinda Mosley, and Miss Carrie Becker. Interment was in the Union cemetery.

Ed Maloney and family of Murrayville, were visitors in the city yesterday.

Mrs. H. S. Boston and daughter of New Berlin, were shoppers in the city yesterday.

## WHITE HALL MILL TO BE OPERATED

Will Again be Operated to Full Capacity After Year's Shut Down—High School Seniors Present Play—Other Items from Greene County.

White Hall, March 23.—An important meeting of the stockholders of the White Hall Cooperative Mill & Elevator Co. was held Saturday afternoon in the K. of P. hall to consider the future of the milling enterprise that recently came into possession of this company in the acquisition of the White Hall elevator interests. The meeting was representative of practically every one of the 200 shares of stock, the ownership of which is limited to one \$100 share to each stockholder. It became the unanimous verdict of the gathering that the White Hall mill should be operated to full capacity, and it was stated that Frank Frech will again be at the helm as miller. The mill has been idle for over a year being operated to some extent recently in grinding feed only. The addresses of Grant McAdams, father of the cooperative farmers' elevator movement in Greene county; Wm. H. Helm, Louis Lowenstein, C. E. Potts and others showed a splendid spirit of community interest. Eventually a new concrete elevator will be erected on the site of the present north elevator. Arrangements are already being made with the

Burlington road for switch facilities to the mill by an extension of the track through the premises of the Weston Stone-ware Co. The switch facilities with the C. & A. are at present adequate.

Donald, aged 14 years, son of John Smith, who recently moved into town from the Barrow neighborhood, fell from a horse Sunday afternoon and was injured in some unaccountable way that rendered him unconscious for seven hours. Feats of internal injuries now are abating. The accident occurred while driving along Jacksonville street horseback.

It develops that L. C. Goodrich day operator at the C. & A. station, had a narrow escape from a stroke of lightning last Thursday afternoon that probably would have resulted fatally. During an electric storm he was just in the act of answering a telephone call, when the thought passed through his mind to wait a moment. As he stepped back from the instrument table a bolt of lightning came in over the telephone wire and danced around the telegraph and telephone instruments, burning out the latter and two of the former, and finally burning its way through the table into the ground.

Mrs. Sybil Fox widow of the late Clarence M. Fox, is preparing to return to Winchester to make her home with her parents, Mr. and Mrs. Dan T. Smith.

Jack Murray left last week for Shreveport, La., to join the Cole Brothers circus in charge of the elephants and animal cages. Murray is an experienced elephant trainer, and spent several seasons with the Ringling and other circuses.

The first school event of the season looking to the approach of the end of the school term was the presentation of "The Lion and the Mouse" by the senior class in

the Princess theatre Monday evening that drew a crowded house, and the four-act drama was presented in a most acceptable manner under the direction of Miss Bernice Huff, with the leading roles in the hands of Emily Smith, Ernest Roodhouse, Mildred Mosier, Hazel Vandavey, Leah Peters, Ernest Potts and William Callans. Minor parts were taken by Charles Gilmore, Lowell Kinsler, Ruby Seely, Lyndell Rose, Harold North, Clement Knight, Carl Moulton, Ruth Bridgewater, Dorris English, Harley Crabtree and Gussie Close.

School closes May 31st, when a class of 74 will be graduated. A number of literary and field meets are scheduled for May, the first being the Illinois Western meet in Jacksonville May 1st, in which White Hall ranked third last year. The preliminary local contest for the Greene county meet at Carrollton on May 14th will be held on May 7th in the Princess. The Greene county order of standing from last year is Carrollton, Greenfield, White Hall and Roodhouse. The Illinois Valley meet at Griggsville and the Interscholastic at Jacksonville will also be held in May. In the Illinois Valley the White Hall team holds the record in the relay race and high jump.

## NORTONVILLE SERIES OF MEETINGS CLOSES

Results of Recent Evangelistic Meetings are Very Satisfactory—Aged Residents of County Laid to Rest.

The series of meetings which has been in progress for some time here closed recently. Rev. Mr. Fuston and Prof. C. R. Fuston have returned to their respective homes. The church has been wonderfully revived and several have resolved to lead better lives because of the services.

Rev. Mr. Antrobus has been chosen to preach twice a month at Nortonville Baptist church. He will be held Saturday and Sunday March 27 and 28.

Funeral services for the late William S. Story were held Wednesday, March 17, at the Baptist church of Nortonville. Rev. William Johnson in charge. Mr. Story was 82 years of age and had many friends in this community, his former home. The deceased was laid to rest in Youngblood cemetery.

The funeral of the late George McNeely was held Thursday, March 18, at 11 o'clock at the Baptist church of Nortonville, with Rev. N. M. Antrobus in charge. Mr. McNeely died at his home a mile and a half south of this place. He had been in poor health for some time and only a few days before the end came professed the Christian faith.

There was a profusion of flowers and they were cared for by Misses Ollie McNeely, Fay McNeely, Ethel Whitlock, Nona Peterson, Vella Dalton and Melba Jones. Music was furnished by the Franklin choir. The remains were laid to rest in Youngblood cemetery.

## NEW WAR RISK LAW EXPLAINED

Sweet 241 Makes Some Important Amendments in Provisions for Soldiers.

Eighty million dollars more a year in compensation for disabled ex-service men is one of the outstanding results of the passage of the amendment to the War Risk Act commonly known while pending in Congress as the "Sweet Bill." This feature of the new law is retroactive, and all awards of compensation for disability to ex-service men heretofore made are being increased to the new basis. Checks for compensation at the increased rate from the date of the original awards are now being distributed by the Bureau of War Risk Insurance.

The compensation payments are entirely separate and distinct from War Risk Insurance. Compensation is paid by the Government to a deceased service man's widow, children and dependent parents if his death was due to disease or injury in active service in the line of duty; and to a disabled ex-service man after his discharge from the service, with additional allowances for his wife, children and dependent parents, provided his disability is due to the disease or injury incurred in active service in the line of duty. Compensation is payable, however, in cases where the reduction in earning capacity is rated at 10 per cent or more. A service man who has received a permanent injury is not penalized for his success in overcoming its handicap.

The disability ratings are based on average impairments of earning capacity, and these ratings are revised by the Bureau of War Risk Insurance from time to time in accordance with actual experience. Besides the monthly cash payments of compensation, the amendment provides that men disabled as the results of their war services shall be furnished all governmental hospital, surgical and medical treatment and with supplies such as wheelchairs, artificial limbs and similar appliances, as the Director of the Bureau may determine to be reasonably necessary.

Awards of compensation for temporary partial disability and for permanent partial disability are made on a sliding scale, using the amounts payable for temporary total disability and total permanent disability as a basis. For instance, if an unmarried ex-service man is temporarily 50 per cent disabled due to his war service, he would receive half of \$50.00, or \$25.00 a month during such disability. If the reduction in his earning capacity is rated at 50 per cent, and it is permanent in nature, he would receive half of \$100.00 or \$50.00 a month.

**Lump Sum Payments of Insurance**  
Authority is given for lump-sum payments to beneficiaries of United States (converted) Life Insurance, at the option of the insured. The veteran who holds a converted policy may also elect to have it paid to his beneficiary at his death in 36 or more monthly installments. The War Risk Insurance may be converted, now or at any time within five years after the formal termination of the war by proclamation of the president, into one or more of the six forms of permanent policies, which are: Ordinary Life, Twenty Payment Life, Thirty Payment Life, Twenty Year Endowment, Thirty Year Endowment, and automatic insurance. Any of those may now be paid, if the insured so designates, in one lump sum to his beneficiary at his death.

**Increased Class of Beneficiaries**  
The list of beneficiaries permitted under the original law was restricted and narrow. Many service men who had no near relatives living were consequently unable to name a valid beneficiary of their war risk insurance.

Again, there were many cases in which an uncle or aunt had reared a soldier or sailor and he named this relative as his beneficiary, even though there were living persons within the permitted class. Under the old law, in the event of his death his wishes would be defeated, and the insurance paid to some person within the permitted class. The amendment eliminates such difficulties by greatly increasing the list of permitted beneficiaries.

The changes in the permitted class of beneficiaries are retroactive to October 7, 1917, the date of the War Risk Act, and all cases which are affected by this increased list will be reviewed and adjusted accordingly.

Another change is in connection with so-called "automatic insurance." Under the War Risk Act Automatic Insurance, involving the payment upon the death of the insured of \$25.00 a month for 20 years, was provided only for men who died in service between April 6, 1917, and February 12, 1918. The amendment grants, in addition, automatic insurance for men who entered the service from the latter date up to and including November 11, 1918, and who died within 120 days after such entrance into active service. The officers and crew of the Naval collier Cyclops, which disappeared at sea in 1918, are specifically covered by the new law.

**Money Payable to Estate**  
An important new feature is the provision that upon the death of a service man or ex-service man with no member of the permitted class of beneficiaries surviving, his term or converted insurance policy will be paid to his own estate. Converted insurance is also made payable to the insured's estate upon his death without having named a beneficiary, or if the beneficiary dies first.

If any ex-service man is disabled or wishes information concerning disability, compensation, or filing a claim, the Red Cross, headquarters at the Public Library, will be glad to give him assistance. Hours 9:00 a. m. to 5:00 p. m.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading  
Druggist of Covington, Ky., Who Has Made  
Special Study of Catarrh.

### Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arceine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

**Important Reminder:** Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

# This Really Happened

"Hi, there! Can you give me a hand?" shouted a well known farmer to a man who was driving along a road by the field where the farmer was seeding wheat.

The man got out of his car and jumping the fence plunged through the soft, wet, black earth to the farmer's side. He found him engaged in a desperate effort to get one of his horses to its feet. There had been many days of heavy rain, and the field—plowed, harrowed and ready for seeding—was so soft that one of the horses had mired.

However, it was not long before the combined efforts of the two men got the horse out. But the animal lifted a hind foot in a nervous way and the farmer, running a gentle hand oling the leg, found that it had been rather badly strained.

"Isn't that tough luck!" he exclaimed. "Here I've just started seeding—I'm late now—and this ties me up. Can't get horses through this mud, and a hundred acres yet to seed. That's a clean loss of over three thousand dollars."

"Whole hundred acres soft like this?" asked the other man, with a glance across the field.

"Pretty much the same. Horses have a hard job to get along most anywhere. Feet just go right down," replied the farmer.

"Suppose I show you how to seed your hundred acres without horses, and save you that three thousand dollars. What would you say?"

"You're not joking are you? Name your price!" And there were tears in the farmer's eyes at the prospect of relief from what looked like a serious loss.

"Tomorrow morning I'll send you a tractor that will handle this job."

"How do you expect a tractor to work where horses can't?" asked the farmer.

"Well, if it doesn't work, I'll take the tractor back and it won't cost you a cent," said the other.

Well! It happened. The next morning a Wallis tractor arrived and was put on the job. The 100 acres were seeded in a few days. For the Wallis with its light weight and reserve power pulled the seeder over

ground where horses couldn't go—and the farmer was surprised how easily he managed it and how little it cost to run.

In fact he saved so much time that he plowed up and seeded an extra "40" he had not thought he would be able to get into crop that year.

And at threshing time the "40" turned in 20 bushels to the acre—800 bushels of wheat—which he sold for enough to pay cash in full for his Wallis tractor. So his tractor cost him nothing, for his first crop increase paid for it.

The horses on that farm now have an easy time, for the Wallis does all the plowing, harrowing, drilling and other field work, besides all kinds of belt jobs such as threshing, silo filling, wood cutting, pumping water, grinding feed and many others.

"Now if I could just teach her to pick apples and hunt eggs she'd run the whole place," chuckled the delighted owner to an inquiring neighbor.

The above story is based upon facts received from an enthusiastic Wallis tractor owner.

# Daily Market Report

## INVESTIGATION GIVES CORN A SETBACK

CHICAGO, March 23.—Corn underwent a decided setback in price today, chiefly owing to talk of federal investigation of reports that the market had been cornered by speculators. The close was heavy, 1 1/2c to 3 1/2c net lower, with May \$1.55 1/2 to 1.55 3/4, and July \$1.50 1/2 to 1.50 3/4. Oats lost 1/2c to 1 1/2c. In provisions, the outcome was unchanged to 12c lower. The talk of an investigation had an immediate wet blanket effect on bullish sentiment. Many longs played anxiously to unload and there was much selling on the part of commission houses. Numerous rallies ensued, but the only important demand came from shorts who were taking profits.

Oats gave way in sympathy with corn. It was said also that eastern roads were not furnishing the liberal supply of cars which had lately been promised. Provisions ruled weak, notwithstanding an advance in quotations on hogs.

The downturns in provisions were ascribed almost wholly to the depression of grain.

**GENERAL MOTORS**  
**STAR PERFORMERS**  
NEW YORK, March 23.—Trading on the stock exchange today was marked by intervals of dullness and uncertain price changes. A brief advance in the price of the feverish activity and irregularly higher levels of the previous session.

General Motors was again the star performer, rising from its early loss of 37 1/2 to 40 1/2 in the final hour and closing at net gain of 26 points. Stutz motor rose 20 points to the new high record of 245 and Chrysler steel and Baldwin Locomotive at advances of 5 and 2 points, respectively, comprised the other most active features.

Occasional strength was displayed by other motors and allied specialties, also equipments, tobacco and miscellaneous shares but this was neutralized by pressure against oils, coppers, leather and minor issues of no special description. Sales amounted to 1,175,000 shares.

British remittances were steady to firm, but French and Italian rates weakened. The money market was not visibly disturbed. Call money opened at 7 per cent and held most of the day at that figure.

Some of the liberty issues were in- creased to 25.00. Market 15c to 25c higher. ### BIG WOOL CROP

**IN PIKE COUNTY**  
There is a good deal of activity in Pike county now in connection with the farm bureau which has been greatly strengthened in membership thru the joint campaign for the bureau and the Illinois Agricultural association. In Pike county last year the farmers pooled their wool and the records of the association show that 137 men who raised sheep joined in

this united effort and the wool sale totaled \$37,431. Those in charge of the sales and distribution declare that thru the organized effort a large amount of money was saved for the farmers.

### LIBRARY TRUSTEES CONSIDER NEEDS

Conferences Held to Consider "Books For Everybody" Movement—Middle West States will Take up Matter Soon.

State and local library needs are being considered at conferences of library trustees now being held throughout the country by the American Library Association, which is conducting a \$2,000,000 "Books for Everybody" movement on a nation-wide basis. The money is being raised through the individual efforts of librarians, library trustees and friends of libraries without resorting to an intensive drive or campaign. Five library trustees have been named to attend the conferences by the Governor of each state. Hundreds of other trustees are attending the meetings.

A successful conference of the trustees from the Southwestern states was held at Charleston, S. C., March 15 and 16. The North Central conference takes place at St. Paul, March 19 and 20. The South Central gathering is scheduled for March 25 at Kansas City and that for the Southwest in Dallas on the same date. The Pacific Coast meeting takes place at San Francisco from March 31 to April 3, and at Los Angeles from April 4 to 7.

The New England, Middle Atlantic, Middle Southern and the Central states will hold conferences in the immediate future. The response to the conference invitations has greatly exceeded the expectations of the Association officers. This is taken as a deep and widespread interest in the movement which has for its chief aim self-education and Americanization through the nation's library facilities.

### CATTLE FEEDING PERILOUS BUSINESS

Pike County Man Tells of Sad Experience One Feeder.

It is generally understood that cattle feeding during the past months has not been a very profitable business. In some instances the feeders have been able to make a satisfactory showing but more frequently heavy losses have accrued. A number of the best known feeders in Morgan county decided before 1919 was over that they would stay out of the feeding game until conditions were more stable in the livestock market, and they have had reason many times to be gratified over the action taken.

The Pike County Republican gives a story which tells about the heavy loss of one man who fed on a large scale and it is said that this instance would not be hard to duplicate.

"Cattle feeders are facing evil days, according to Sam Williams, Pittsfield's leading livestock shipper. Many farm fortunes are being wiped out by present markets and not a few of the largest feeders have already gone broke. Pike county's losses have been large but in Pittsfield territory the feeders have for the most part been fortunate, very few having lost extensively. Mr. Williams relates one incident that came to his notice when he was on the Chicago market two weeks ago today. A cattle feeder who had had 400 head on feed was trying to negotiate a loan among the commission firms. A big trust company and a bank had been carrying him on his cattle deal but their loans fell due March 1st. The loans were extended through sympathy to April 1st but the institutions notified him they could not carry him longer. He had borrowed \$30,000 of his home bank to buy feed. The commission house with which Mr. Williams does business figured the situation. They found the feeder had a \$35,000 equity on his home farm; also that it would just about take this equity, his home and the savings of a lifetime to clear the cattle deal, providing he could sell the cattle at 14c and it takes good cattle to bring that price."

Mr. and Mrs. Henry Dueser of Waverly spent Tuesday with friends in Alexander.

F. J. Kaiser spent Tuesday attending to business affairs in Jacksonville.

Prayer meeting will be held at the M. E. church tonight and a cordial invitation is extended to all. These mid-week services are proving very beneficial to those who attend and it is probable that they will be continued for some time to come.

Mrs. J. W. Reif and daughters, Elizabeth and Mary, attended the funeral of J. W. Foutch in Springfield today.

**PROPERTY FOR SALE**  
Ten and eight-tenths acres of land (10 8-10ths) and the building at Bluffs, Ill., formerly known as the property of the Jacksonville Water Works Co. For further information apply to Joseph Reisenman, Franklin, Pa.

**FOUNDATION EXCAVATION STARTED**  
Men and teams are busily at work excavation for the foundation and basement of the new high school building. All kinds of materials are being delivered and one can soon begin to realize something regarding the splendid new structure which is to house the teachers and pupils of the public high school.

The foundation will soon be in place and then will come the ceremony of laying the corner stone when it is probable that some orator of distinction will be asked to address the citizens of the city. Soon the walls of the structure will begin to rise and then the progress of the structure will be watched with eager and curious eyes. What a glad day it will be when it will be opened for use and the present inconvenient arrangement discontinued.

### THE ZOELLNER QUARTETTE

The Zoellner String Quartette appeared at a late hour in Reel hall at the Woman's college Monday evening. Owing to wrong information regarding the time of the departure of the Wabash train from Quincy for Jacksonville, the company missed the train which should have brought them here in time for the concert, and arrived on the train due here at 9 p. m.

They appeared on the platform at 9:20. Owing to the lateness of the hour and perhaps to a feeling of inability to adhere to a printed schedule, the program was greatly altered from that announced and was as follows:

1. Quartette d minor....Mozart

Andante Moderato

Andante Allegretto

Allegretto ma non troppo

2. Quartette No. 2....Borodine

Scherzo Allegro

Nocturne Allegro

3. Schemen Op. 25 No. 3....

Menuet (Sixteenth Century)

Andante Cantabile from Op. 11

4. An Irish Reel—Molly on the Shore

Serenade....Haydn

The audience that filled the hall manifested keen delight by prolonged applause and were loth to leave the hall after the final number despite the wait of an hour for the arrival of the musicians.

It has been some years since an evening of chamber music has been given in Jacksonville by those making a profession of this high for musical art. There is no form of music that makes a larger appeal to the musician. The program Monday evening testified in no uncertain manner to the musicianship of the players. Whether they offered a music of the sixteenth and eighteenth centuries or that known as ultra-modern, their interpretation and ensemble were faultless.

#### REAL ESTATE TRANSFERS

Judy Barnett to Solomon Cowan, pt. lot 3, J. W. King's subdivision, \$1. The property is on Marion street west of Church street.

Alice Capps to William Watson, lot 4 in Capps & Widenham's addition, \$90. This lot is situated on Capps avenue.

Ralph Reynolds heirs to Emma Reynolds, pt. lot in James Dunlap's north addition, \$2500.

#### HUNTING RELATIVES

Miss Hayden, state welfare department and stationed at the Jacksonville State Hospital, is making a tour of Macoupin county seeking relatives of inmates of the institution who are ready to be discharged if they had homes to which they might go. It is said there are a number of cases in the state hospital here and nine from Macoupin county and Miss Hayden is endeavoring to locate relatives who should do their duty by these people. Some patients have not been visited by relatives or interested persons for 25 years and it would seem as if the latter should be told their duty if they are able to perform it.

#### PROBATE COURT

## -beginning new, Easter

Easter means starting again—new life, flowers, leaves—Spring. It is the time to put winter-weary clothes into the discard and "blossom forth" in new attire.

Get in harmony with the psychology of the hour. A new hat, different cravat, gloves and a suit and overcoat of different color scheme and patterning.

## Kuppenheimer good Clothes

are fitting companions for the Easter spirit—Spring thoughts. They are the best in new styles. They are quality—fabric, tailoring, inside materials. And like the Easter spirit they are sincere.

Kuppenheimer good clothes are for the man who knows the value of good appearance and what real economy is—

Why we are proud to sell them and you will be to wear them.

## Your Easter Hat

You will find it easy to choose a hat becoming to you here from these noted style creators—Stetsons, Borsolinos, Vanitys.

### MISS ESTHER RANKIN WINS IN DECLAMATION

Last Contest That Will Be Held—Whipple Academy Goes Out of Existence at Close of Present School Year.

There was a good sized crowd present at the Jones Memorial building last evening at the annual declamation contest of the Whipple students. The music was excellent and enjoyed by all.

Professor Swift presided at the meeting. Rev. M. L. Pontius, Miss Davis and Professor Ames acted as judges.

Miss Esther Rankin, with her declamation, "Preparing for Dinner," took first place, and Hugh Wilson, Francis Doan and Elmer Nichol followed in order.

The declamations were especially well rendered and gave evidence of much preparation and training. The selections, which were suited to the declaimers, proved interesting to the audience. Mrs. Thompson has had charge of training the contestants.

Whipple academy will cease to exist at the end of this school year and the contest last night is consequently the last Whipple declamation contest.
